Corporate IQ Security
1763 Tutwiler Avenue
Memphis, TN 38107

Dear Sir or Madam,

It is with great pleasure that I recommend Corporate IQ Security. we have been using Corporate IQ for some time, and the company has become a business that the Hilton Memphis clients actually request to use again and again.

The security officers have always demonstrated a high degree of integrity and responsibility. They are always courteous and professional. This company has sound judgment and always takes a mature approach to any guest requests we encounter.

Corporate IQ Security Company would be an asset to any organization, and I am happy to give my endorsement.

Robert Mercer
General Manager

AUDUBON PARK
Community Association, Inc.

My neighborhood recently made the decision to hire a private security service once car break-ins and burglaries became a not so rare occurrence. After gaining enough interest from our residents, we began researching and comparing three different security companies. We made our decision to go with Corporate IQ and have been very pleased with the services they have provided.

From the very beginning, Mick McCune and Greg Woods took the time to meet with us in person and listen to our needs. They also came out to familiarize themselves with our streets and the general layout of the neighborhood. Once they had a clear understanding of our needs and our area, they presented a plan to effectively patrol our area.

Unlike other security companies, Corporate IQ incorporates a bike patrol which has proven to be very effective. The bike allows the security guards to approach people quickly and in a very non-threatening way. The guards are more a part of our neighborhood from being on the bike. They stop on their bikes to visit, know us, our children and are better in tune with the neighborhood in general. They are also better able to see or hear any unusual activity because they are outside and not always in a patrol truck. Gone are the days when flashing lights alert the criminals to the security guard!

The guards patrolling our neighborhood have been very qualified and professional. They respond to all calls quickly and even give the customer a call back to explain the resolution. The guards are always on the lookout in our neighborhood. I once received a call from the guard when our handy man was loading our old laundry room cabinets in his truck. The guard recognized the unusual activity and called me on my cell phone. I sleep better at night knowing that the Corporate IQ guards are keeping a watchful eye on things.

Corporate IQ has also been very proactive in developing new methods of communicating incidents to customers. They recently introduced a text messaging system so that customers can be instantly notified of any important security incidents via a text message to their cell phone. I understand that college campuses also use text messaging for alerting students of security incidents. Who ever thought that our 50 year old neighborhood could be so high tech?

But, probably the biggest impact Corporate IQ has had on our neighborhood has been a reduction in crime. The car break-ins and burglaries are now rare. The suspicious person wandering up and down the street has moved on to another neighborhood. Corporate IQ along with our watchful homeowners have made our neighborhood a safer environment for everyone to enjoy.

Sincerely,

Karen Smith

Dear Sir/Madam:

Please accept this letter of introduction on behalf of Corporate IQ, Inc.

Corporate IQ is a Memphis-based security company that provides a wide range of security solutions for individuals and corporate clients. These services range from VIP escort to armed transportation with professional law enforcement officers utilized throughout the scope of the company's dealings.

My more personal knowledge of the company is through Mr. Greg Woods who serves as Corporate IQ's V.P. of Operations. Greg has been a close friend for over ten years. During my initial campaign for the U. S. Congress in 1996, Greg was one of the campaign's upstart volunteers, and later a trusted leader. He was instrumental in overseeing security efforts and transportation needs for the campaign, especially as it related to the numerous elected officials and luminary personalities who visited and provided support at campaign-related events. His leadership has also proven invaluable over the years with a number of community initiatives to which he has provided support.

Greg is trustworthy, professional and committed to the highest standards of excellence. His insight and experience is one of the primary reasons I am confident about the further development of Corporate IQ as one of the reputable security firms for our region.

Thanks in advance for your attention to this matter. Also, feel free to reach me at 202.225.3265 if I can provide any additional information.

Sincerely,

Harold Ford, Jr.
Member of Congress

Dear Sir or Madam,

My name is Perry Morgan. I am the General Manager for Exel's Olive Branch, MS facility. I have the pleasure of working with Greg daily in my capacity with Exel. I find him to be a wonderful person to work with. He always anticipates our needs and acts upon them before we make a request. He takes a very proactive approach to his job. He has a great demeanor with all of the associates, regardless of their capacity within the organization. He is extremely flexible and accommodates every request.

To sum it up in just a few words, Greg is.....

Extremely knowledgeable in all facets of security

Professional in every aspect of his job

Undoubtedly the most courteous person I have ever met

Thank you for your consideration in this matter.

Professionally yours,

Perry Morgan

To Whom It May Concern:

I have had the opportunity to work with Mickey McCune for the last two years. I have found him to be highly competent and professional in my contact with him. He has proven himself to be a man of integrity and a man of his word. He left our organization in good standing and I would welcome him back if that were his choice. I recommend him to those he may come in contact with on a professional or personal level.

If I can be of further assistance please contact my office.

Sincerely,

ZLB Plasma Services

To Whom It May Concern:

I would like to take this opportunity to provide a professional recommendation to the people at Corporate I.Q. for the service they have provided us. I manage a high volume blood plasma donation center located here in Memphis. We see a large number of customers each day and were having a problem with loitering as well as less than friendly encounters with people that had no reason to be in or around our business. We looked to Corporate I.Q. for a very specific solution to our needs and they have delivered.

We are a service industry and the need to build relationships with our donors is critical to our success. Controlling the parking lot and lobby is a challenge at the best of times given the sheer volume of traffic we see and the amount of time people are here the challenges were significant. The ability of the armed officers to control our business through non confrontation means is paramount to us. They have done an amazing job building relationships with our customers and staff while having a strong professional presence which has enabled them to earn everyone's respect and regain control of our business.

Corporate I.Q. was able to deliver a very specific and unique blend of services to meet our needs. I highly recommend them. I do not typically give letters of recommendations to my vendors but in this case I feel no hesitation. Please feel free to contact me should you wish to discuss my experiences with them,

Sincerely,

Paul Floch
Center Manager
